

# Weekly Media Monitor

January 15th - 21st, 2024

This week's major news updates in Pakistan's energy sector:

- The board of directors of Hub Power Company (Hubco) authorizes the company to negotiate and execute agreements for the acquisition of shares held by a potential seller in the Sindh Engro Coal Mining Company Limited.
- The Central Power Purchasing Agency (CPPA), the federal government entity that buys electricity from generation companies, seeks more than 100 percent increase in electricity's fuel adjustment charges so that electricity distribution companies (Discos) can charge their consumers about 42 billion additionally in February 2024's bills. If approved, this would be the highest-ever increase in fuel adjustment charges.
- Energy sector's circular debt is reported to have reached 5.725 trillion rupees by November 2023. Out of this, the share of the power sector is said to be standing at 2.703 trillion rupees and that of the gas sector at 3.022 trillion rupees.
