

# Weekly Media Monitor

Feb 10th - Feb 16th, 2025

This week's major news updates in Pakistan's energy sector include:

- ➔ Investigations reveal discrepancies and irregularities in coal purchase process for the Sahiwal Power Plant, highlighting overpricing and other procedural violations.
- ➔ The Federal Board of Revenue (FBR) uncovers large-scale over-invoicing in the import of solar panels from China over the last couple of years.
- ➔ At a summit in UAE, Prime Minister Shehbaz Sharif seeks increased financing for developing nations to address the impacts of climate change
- ➔ The federal government claims that electricity prices will decrease due to reduction in capacity charges, fuel costs and interest rates.
