

# Weekly Media Monitor

September 1st - September 07th, 2025

This week's major news updates in Pakistan's energy and climate sectors:

- ➡ Sahiwal coal-fired power plant faces shutdown as on-site coal stocks fall far below operational requirement due to severe shortage of railway wagons.
- ➡ Hub Power Company Limited (HUBCO), Pakistan's largest independent power producer (IPP), reports profit decline of over 31 percent in fiscal year ending on June 30, 2025, as revenue from customer contracts drops 36 percent to 83.35 billion rupees.
- ➡ Climate change-driven disasters cause over 24.3 million relocations between 2009 and 2023 in Pakistan, mostly due to floods, droughts and wildfires.
- ➡ The Water and Power Development Authority (WAPDA) seeks approval from the National Electric Power Regulatory Authority (NEPRA) to nearly double its hydropower tariff.
