

# Weekly Media Monitor

April 6th, 2026 – April 12th, 2026

This week's major news updates in Pakistan's energy and climate sectors:

- The federal government issues a guarantee that enables Thar coal mining project to secure 2 billion dollars in financing to facilitate the push to use indigenous coal for power generation.
- The provincial government of Sindh starts a 2,000 rupees monthly fuel subsidy for registered motorcycle owners. The federal government also announces direct fuel subsidies for bus, truck, and van owners through digital wallets.
- The Asian Development Bank plans to support Pakistan's shift from solar power to battery storage systems, focusing on improving energy reliability and grid management.
- The federal government cuts diesel prices by 135 rupees per litre and petrol by 12 rupees per litre, citing lower global oil prices and passing relief on to consumers.
